LETTER OF EXPERIENCE - TGT GAMING OPERATIONS MANAGER

To Whom It May Concern (a.k.a. The Lucky One Hiring This Gem),

This is to certify that **Vinay Patil** is a part of the **TGT Gaming/Esports Cafe** squad as an **Operations Manager** from **August 2024** to **Present**. And let's be real—he absolutely slayed at this job. 

Here's what he crushed during his time here:

-  Cafe Management (cashier, customer handling) – Handled like a boss
-  Device Management (software and hardware) – Made it look easy
-  Tournament Organizing – MVP-level performance
-  Training and Shift Management

Not only did he bring his A-game, but he also brought **skills like problem-solving, tech wizardry, customer satisfaction expertise, accounting mastery**, making the workplace way more fun and productive.

We're kinda sad to see him go, but we know he is off to bigger and better things. Wishing him all the success, and if he ever want to boomerang back, our doors (and snack stash) are always open for him. 

Best Regards,
